U.S. EXPORT SALES

- Outstanding Export Sales (Unshipped Balances) on OCTOBER 14, 1979
- Export Shipments in Current Marketing Year
- Daily Sales Reported OCTOBER 15 - 21, 1979
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of October 25 (based on reports from exporters for the week ending October 14).

Wheat: Import demand continued to strengthen as net sales for marketing year (MY) 1979/80 rose by 803,200 metric tons (MT). Unknown destinations sales were the largest item followed by Brazil, East Germany and Korea. Contract adjustments and final destination assignments affected the outstanding balances for a number of countries and resulted in a net reduction in sales to unknown. Poland reported purchases of over 122,000 MT for MY 1980/81 delivery. Exports continued near the million MT mark for the third consecutive week.

Corn: Sales activity continued heavy with sales to unknown the most prominent feature for the week. Eastern Europe continued active in the marketplace, adding 462,200 MT. Japan, Italy and Portugal also added significant amounts. Numerous final destinations were reported, including Netherlands, East Germany, and Mainland China, on sales previously reported to unknown. After a one week slump, corn exports rose above the million MT level again.

Barley: Market interest continued good for the third consecutive week. Iran, USSR and Mexico all added to earlier purchases. The export pace (59,300 MT) was moderate.

Sorghum: The market was relatively quiet as Mexico and Israel were the principle buyers. The export pace continued relatively good.

Rice: The tone of the commercial rice export market continued to improve as Iraq bought 30,000 MT, and Italy purchased 24,600 MT of rough rice. Exports at 59,400 MT were the best in a number of weeks. The periodic summary of rough rice sales and exports is on Page 31.

Soybeans: Large purchases by Netherlands, Mainland China and unknown destinations supported nearly a four-fold increase in weekly sales (792,400 MT) from the preceding week. Exports (278,300 MT) maintained the moderate pace of recent weeks with Europe and Mexico accounting for nearly 86 percent.

Soybean Cake and Meal: Weekly sales (263,600 MT) were up sharply with about 60 percent going to Venezuela and unknown destinations. Poland and Romania also added to earlier purchases. Europe and Venezuela accounted for 92 percent of 81,600 MT exported during the period.

Soybean Oil: Sales (16,200 MT) leveled off from the previous week's record highs as reductions in sales to Brazil (-9,800 MT) and U.K. (-2,000 MT) partially offset sales to unknown destinations, India and other areas. Optional origin sales increased by 19,700 MT due to a purchase by Brazil. Exports went primarily to India, Chile, the Somali Republic and Colombia.

Cotton: The volume of sales for MY 1979/80 exploded by 385,300 RB. This quantity is second only to the record of 434,000 RB set in the week of April 24, 1977. Major buyers were Mainland China - 212,600 RB, Hong Kong - 34,000 RB, Japan - 33,300 RB, Indonesia - 28,700 RB, Korea - 16,700 RB, Taiwan - 10,500 RB, Romania - 10,000 RB, and Hungary - 8,800 RB. Exports sagged to 96,100 RB with 12 percent to Europe and 79 percent to Asia.

Oats and Rye: Showed no significant activity.

DATA ON TRANSACTIONS REPORTED UNDER THE DAILY REPORTING SYSTEM FOR October 15-21, 1979, APPEAR ON PAGE 6.
